

SUPPLEMENTARY FIGURE

Supplementary Figure 1. Stage k for prostate cancer versus timeline for SEER data from the 1979–1983, 1989–1993, and 1999–2003 studies (Harding, Pompei et al. 2008) and the corresponding data for 2010–2013 from Supplementary Table 4A. Data for 2000–2003 is shown as an outlined square (Supplementary Table 5A), for comparison with 1999–2003 data, but is not included in the regression line fits due to the overlap in data sets.
